City Council Wädenswil recommends the design plan «AuPark» for acceptance

The City Council of Wädenswil today approved the partial revision of the land use planning and the corresponding design plan and recommended them to the municipal council. With the positive assessment by the City Council, another milestone in the conversion of the former «AuCenter» industrial area has been achieved.

The «AuPark» is a development site of the Intershop Group. In addition to a secondary school («Mittelschule»), the «AuPark» will provide just over 200 new apartments as well as additional shopping facilities for the neighbourhood of Au. In the heart of the site, a generous public park including a playground will be built as a connecting element and attractive meeting area for the population of Au.
